PROFESSIONAL EXPERIENCE

Lincoln Trail Elementary School; Lamar, Indiana

Kindergarten Teacher

August 2020 – Present

- Split two Kindergarten classes into three sections for half of the day to reduce class sizes while providing English Language Arts instruction
- Planned and implemented reading and writing lessons to a group of 16 Kindergarten students at varying ability levels while differentiating instruction for both individuals and small groups of students
- Collaborated with two Kindergarten teachers to create lesson plans that reflected the district's Kindergarten curriculum map, as well as the Indiana Academic Standards

Technology Teacher

August 2020 – Present

- Instructed Technology classes for First, Fourth, Fifth and Sixth grade classes with students at varying ability levels, resulting in students' understanding of grade-level Indiana Academic Computer Science Standards
- Developed computer science lessons that aligned with the district's Technology curriculum map, Indiana Academic Standards and the International Society for Technology in Education (ISTE) Standards

Clear Creek Elementary School; Bloomington, Indiana

First Grade Student Teacher

January 2020 – May 2020

- Planned and implemented math, reading and writing lessons into a first-grade classroom with 16 students
- Established rapport with students and supervising teacher by creating respectful relationships through conversation and a positive classroom community

VOLUNTEER WORK

VEX IQ Robotics Coach

October 2020 – February 2021

- Coached a team of five fourth-grade students, preparing them for the '20-'21 VEX IQ Challenge by supervising meetings, organizing practices and developing team goals

Project Lead The Way (PLTW) Instructor

August 2020 – Present

- Attended PLTW training for the Computer Science for Innovators and Makers course to provide two sixth-grade classes the opportunity to explore computer science concepts and skills and utilize hands-on coding resources
